URL address is - wss://connect.longship.io/e42d233f0093415c920b43b769d310be/[StationID]

Step 10:

Contact Charge Hub (<u>support@chargehub.au</u>) and provide the following details:

- EVV ID of the Station
- Name and Address of the Station. Ideally, the exact GPS coordinates and directions of where the Station is installed.

Notes:

- 1. If the Site is remote, then it always pays to give go back into the App and double check that all of the changes made were saved.
- 2. If any challenges, then call Charge Hub support on 1300 98 67 67
